HOW THE WORLD REALLY WORKS. HOW THE WORLD REALLY WORKS. The world does not work the way we have been led to believe - by our mainstream media, our politicians, our corporations, our financial institutions, the military or our schools. We are bombarded daily with so much misinformation, disinformation, propaganda, half-truths, and outright lies, that it takes a persistent individual to sort through the fog of information to find the truth.

Science focuses exclusively on the natural world, and does not deal with supernatural explanations. Science is a way of learning about what is in the natural world, how the natural world works, and how the natural world got to be the way it is. It is not simply a collection of facts; rather it is a path to understanding.
