Accounting process is the step by step process flow of an accounting transaction. Identify, Measure, Record, Classify, Summarize, Analyze, Interpret and communicate. Accounting Process The word "Accounting" brings along with itself thousands of years of history and can be traced back to the ancient times. There are proofs which suggest that ...

## **What is the Accounting Process? - AccountingCapital**

Notice that much of the material in this chapter involves mundane processing. Once the initial journal entry is prepared, the data are merely being manipulated to produce the ledger, trial balance, and financial statements. It is no wonder that the first business applications that were computerized years ago related to transaction processing.
