Hello my name is Justin and Im a newbie here. Just picked up a technics sa-ax720 and heard there is a way to mod this to add a loudness feature and make it a two channel powerhouse. I heard that it can be done fairly easily with whats already inside the unit. I cant find any further information on it though. If anyone could help it would be much appreciated, thanks.

Technics SA-AX7 Audio Video Control Stereo Receiver Manual ...

The SA-AX720 along w/ the SH-500D decoder I purchased from Crutchfield as a package, really delivers! I miss the loudness button my old Technics receiver had, but a Polk PSW 140 (I planned on purchasing anyway) remedied this--in a big way. The only hiss I hear comes from my surround speakers when there is no media coming through them.
